MADE IN GERMANY

Wassermann is a medium-sized, owner-operated company with head office in Hamburg. We design and produce high-quality technical devices in Germany. Our main users are dental laboratories, dental clinics and various industrial areas worldwide.

Why a Wassermann product?

Wassermann products are manufactured from high-quality materials and the proportion of plastics used is intentionally kept as low as possible. Our devices are known for their suitability for daily use, functionality and longevity. As a result, the users place high levels of trust in the Wassermann brand. We feel it is our duty to support our customers on a daily basis when it comes to safety, service and productivity. Technological perfection, optimum quality and especially sustainability are the benchmarks we set. Thanks to the combination of these values, the family-owned company, since its establishment in 1927, has gained worldwide recognition as a manufacturer of high-quality products.

Trimmer HSS-88

The classic among wet trimmers - powerful, flexible and durable: The multi-faceted HSS-88 by Wassermann is the most sold trimmer for good reason. Its high torque and high speed, but also energy efficient motor guarantees the highest grinding speed. This maintenance-free motor does not require fans or cooling fins, since the motor is cooled through the outer casing. And of course it is needless to say that the trimmer operates with very little noise and no vibration.

Major Features

- Very powerful, maintenance-free motor, max. 3000 min⁻¹, splash protected according to IP 54
- Sturdy, oxidation-free bench with longitudinal slots and side openings – avoids water spills
- Supplied with solenoid valve for automatic water supply
- Multiple expansion options
- **Included in delivery:**
 - Inclined support
 - Supply hose, 1 m
 - Discharge hose, 1 m
